
**MONTERO LOMBART CONSULTING
THE EXECUTIVE WAY**

OUR CLIENT PROFILE

The company has local representation across the globe in 17 countries and aim to meet the demands of our customers by continuing to develop an international and diverse palette of fragrances and flavours to suit local trends.

Established for nearly 25 years, the company has a wealth of flavor and fragrance creative expertise along with an in-depth understanding of the industry. The company is committed to developing the business and continue to meet new and existing customer needs.

The company,s philosophy is based on a fine balance between creativity, technical expertise, service and price so that provide the best possible customer care.

Due its international growth, the company needs to cover in its subsidiary in Barcelona, Spain:

PERFUMER– FINE FRAGRANCES.

BARCELONA BASED

Reporting to the Local Management, We are looking for a **PROFESSIONAL EXPERIENCED WITH AT LEAST 5 YEARS AS a PERFUMER IN DEVELOPING FORMULAS IN THE FIELD OF FINE FRAGRANCES:**

- 1) Evaluates odors of aromatic chemicals to set production standards and ensure adherence by workers engaged in compounding and finishing operations: Directs workers engaged in preparation of work orders for compounding department and reviews batch sheets prepared for distillation department to ensure compliance with formulas devised in perfume laboratory.
- 2) Visits compounding and distillation areas and determines, by smelling, odor qualities of prepared materials.
- 3) Approves batches for finishing, from knowledge of odor characteristics and odor blends conforming with customer or laboratory standards.
- 4) Resmells sample in air-filtered room, using blotter strips dipped in aromatic chemicals to evaluate fragrances for specific characteristics, such as odor, body, harmony, strength, and permanence.
- 5) Compares odor and color of current sample with samples of previous batches.
- 6) Rejects batches not meeting criteria, and notifies distillation personnel to redistill product.
- 7) May devise production formulas and be designated Creative Perfumer

The person must have a strong customer orientation, working with a highly qualified team of applications.

We offer the opportunity to join an international organization, with growth prospects.
